# Carriage Treka

**A** purpose built tri-axle trailer designed to transport a carriage and two horses with optional overnight accommodation for the owner.

The 7 ft. wide body with rear ramp enables two horses to load and travel comfortably in a diagonal position. The frontal area is sufficiently large enough to accommodate most sizes and styles of carriage.

After removal of the carriage, the living area can become a comfortable space which can be fitted with seating, sleeping and cooking facilities.

There is an opening bulkhead door between horse area and living area to accommodate loading of carriage.

## Standard Model Features

### MAIN BODY

- Chassis** Strong galvanised steel chassis for long maintenance free life.
- Axles** Tri-axle.
- Suspension** Independent suspensions for a comfortable ride.
- Wheels** Six fully braked wheels with low profile tyres and spare included.
- Ball Hitch** Features a built in lock including auto reverse.
- Floor** Aluminium plank covered with heavy duty rubber in the horse area.
- Body** GRP body for long maintenance free life. Lined with kicking boards in the horse area.
- Large Front Locker** For gas bottles and extra storage.
