

SUPREME 2600

	Internal Width	Internal Length	Headroom	Gross Capacity	Unladen Weight
Supreme 2600	5'6" (1676mm)	10'7" (3226mm)	7'0" (2133mm)	2600kg	952kg
Supreme 2600 7'6" HR	5'6" (1676mm)	10'7" (3226mm)	7'6" (2286mm)	2600kg	990kg

The Supreme 2600 has the same generous internal dimensions and high specification as the 2000 but has differing load capabilities. It is rated to 2600kg gross and is therefore designed to carry the heavier horses weighing not more than 1600kg in total. Stylised rubber ramp facings and heavy-duty floor mats add to the safety and comfort of our trailers. The Supreme 2600 is also available with 7'6" headroom as an optional extra.
