

SUPREME ULTRA

	Internal Width	Internal Length	Headroom	Gross Capacity	Unladen Weight
Supreme Ultra	5'10 ³ / ₄ " (1797mm)	11'8" (3556mm)	7'6" (2286mm)	2600kg	1080kg

The Supreme Ultra has been developed to transport 2 large horses effortlessly. The spacious interior makes unpleasant, cramped journeys a thing of the past, ensuring your horses arrive at their destination looking and feeling their best. To counter the increased size/weight of the rear ramp, twin ramp lifters are standard. The lighting has been augmented to give extra visibility inside and out.
